Antibacterial wipe

The antibacterial wipe has powerful anti-bacterial and disinfectant, which can be used for all types of cleaning and moisturizing. This antibacterial wipe is made out of quality spunlace nonwoven fabric, has 1pc-20pcs convenience packaging for travel. And, the wet tissue can be used for daily purpose, such as hands cleaning and face cleaning, it's sanitary and lint free.

Antibacterial wipe are supposed to kill bacteria. The surface cleaner used in hospitals, but also in germphobic households, can spread methicillin-resistant Staphylococcus aureus when used across more than one surface.
