Automotive towels

These automotive towels are mostly used to clean your car and other outdoor motorized vehicles. Use them on your car, truck, boat, motorcycle, etc. There are many benefits to using car wash automotive towels made of nonwoven material. However, there are a lot of different car towels sold at the retail store level that may harm your paint. When washing and drying your car make sure the automotive towel is soft and more importantly clear coat safe.

The automotive towels will polish and clean, leaving a lint-free, streak free surface. The automotive towels are great for removing car wax, car polish and auto detail spray safely and effectively. The automotive towels is great for exterior vehicle drying and is extremely durable used over & over again! You can dry and protect your car or truck exterior clear coat finish. Wipe down vehicle after wash. Repeat process until vehicle exterior is dry! The results are great, leaving you a vehicle with a clean and streak free surface!
