Coin Tissue

This coin tissue is also called magic tissue or disposable tissue. it is a popular product in worldwide. it is very convenient, comfortable, healthful and clean.

The coin tissue is made of spunlace nonwoven with compressed technology into a compact package. When put coin tissue into water, it can absorb water rapidly and grow into a soft and wet tissue at the size of 24*24cm in a few second.

Such coin tissue has five features: soft touch, absorbant, lint-free, hygiene and convenient. Coin tissue is widely used for traveling, office, restaurant, daily using or gifts for promotion. Usually, we will print the logo or design on the towel for sales promotion.
