The 22 meshes Towel Rolls series

Towel dispenser

The 22meshes series Nonwoven towel rolls are the most popular nonwoven towel rolls for common restaurants, because nonwoven towels have much fastness fibre than paper towels, it's not easy broken and lint free. So, once you tried the nonwoven towel a time, you will never go back to paper towels. The nonwoven towel rolls are widely used for making disposable towels with the towel dispenser.

The naming rule of Nonwoven Towel rolls is as "050-22-W", the "050" stands the weight is 50gram, the "22" stands there are 22 meshes per square inch on the nonwoven fabric, the "W" stands the color is white. The towel rolls also have 18 meshes, 9 meshes style.

To the gram of this style, we can make from 45gram up to 120gram; to the color, we can make any color as per the customer's requirement.
